

ANESTHESIOLOGY

Volume 6

INDEX TO SUBJECTS

* Asterisk indicates titled subjects of articles

- Acetaldehyde, anesthetic action of, 603*
- Adrenal glands, in hyperthyroidism, effect of spinal anesthesia on, 225*
- Air with ether anesthesia, 597*
- Alcoholism, treatment with apomorphine, 574
- Amphetamine sulfate, comparison with other stimulants, 561*
- Anesthesia,
 block,
 brachial, 178
 caudal, 179
 nerve, 612*
 caudal, male sacra in, 505*
 circulation during, evaluation of, 246*
 effect on scalp potential, 61*
 for blast injury, 131*
 for cesarean section, 154*
 for cheiloplasty, 355*
 for experiments, 181*
 for maxillo-facial surgery, 580*
 for naval personnel, 385*
 for obstetrics, 410*
 for oral surgery, 32*
 for thoracic surgery,
 apparatus for, 337*
 regional, 612
 in British liberation army, 580*
 in China-Burma-India theater, 612
 in combat zone, 492*
 in Naval hospitals, 83*, 385*
 in New Guinea, 173*
 in presence of cautery, 32*
 inhalation,
 after blast injury, 146
 effect on circulation, 248
 intratracheal,
 for cheiloplasty, 355*
 in combat zone, 492*
 without laryngoscopy, 476*
 intravenous,
 after blast injury, 146
 combined with surface anesthesia, 34
 continuous method, 376*
 duration of, 483*
 literature, 81*
 local,
 curare with, 125*
 during general anesthesia, 416*
 military use of, 392
 reaction to, 416*
 physiology of respiration during, 113*
 records, 64*
 rectal, after blast injury, 146
 regional,
 after blast injury, 144
 effect on circulation, 250
 in China-Burma theater, 612*
 spinal, 469*
 complications, 600*
 curare with, 48
 effect on circulation, 250
 for cesarean section, 154*
 in army, 175
 in Army Hospitals, 173*
 in hyperthyroidism, 225*, 531
 military use of, 389
 with hypobaric pontocaine, 565*
 surface, for oral surgery, 33
- Anesthesiology,
 future, 196*
 post-war, 528*
 progress in, 617
- Anesthetics,
 evaluation of, 362*
 local, reaction to, 421
 mixtures of, effect on blood oxygen, 498*
- Anesthetist, relations with surgeon, 273*
- Anoxia,
 cerebral, contributing factors, 525
 during avertin anesthesia, 417
 during nitrous oxide anesthesia, 449*, 452
 effect on respiration, 117
- Apomorphine hydrochloride, use in anesthesia, 574*
- Apparatus,
 anesthetic, improved ether, 337*
 arm support, 418, 420
 blood pressure,
 modified cuff, 533
 stethoscope, 310*
 endotracheal vaporizer, 418
 intratracheal, tubes, 586
 for infants, 87*, 535, 627*
 portex, 586
 vinyl plastic, 359*

- intravenous anesthesia, 191*, 279*
 - needle, 258*
 - to prevent air-embolism, 308
- Oxford vaporizer, 181
- plethysmograph, 246*
- protector for needles and syringes, 199*
- Arrhythmia, during cyclopropane, effect of nervous system on, 261*
- Asphyxia, effect on circulation, 250
- Atropine sulfate,
 - excitability from, effect of apomorphine, 574
 - role in laryngospasm, 583
- Autonomic nervous system, influence in arrhythmia, 261*
- Avertin (see tribromethyl alcohol)
- Barbiturates,
 - anesthesia with,
 - effect of kidney on, 483*
 - effect of liver on, 483*
 - detoxification of, 483*
 - effect on dose of acetaldehyde, 606
 - effect on heart, 261
- Barbotage, role in spinal anesthesia, 565
- Blast injury, anesthesia after, 131*
- Blood,
 - gases, during propethylene anesthesia, 159*
 - oxygen,
 - effect of anesthetics on, 498*
 - effect of intratracheal pressure on, 498*
 - transfusion, effect of ether anesthesia on, 365
- Blood pressure,
 - effect of acetaldehyde on, 605
 - effect of curare, 231*
- Brain,
 - after anoxia, 523
 - metabolism, effect of drugs on, 119
 - potential, effect of anesthesia, 61*
- Bromomethyl (see tribromethyl alcohol)
- Bronchi, effect of acetaldehyde, 607
- Bronchospasm, during curare administration, 128
- Caffeine sodium benzoate, effect on respiration, 562
- Carbon dioxide, inhalation of,
 - after coma, 8
 - with pentothal, before intubation, 583
- Carbon dioxide absorption, effect of moisture on, 163*
- Cautery, use during anesthesia, 32*
- Cesarean section,
 - anesthesia for, curare with, 129
 - spinal anesthesia for, 154*
- Cheiloplasty, anesthesia for, 355*
- Children, intratracheal tube for, 87*, 535, 627*
- Circulation,
 - after coma, 8
 - during anesthesia, 530
 - evaluation of, 246*
 - peripheral, evaluation of anesthetics by, 362*
- Cobefrin, with procaine, sensitivity to, 86*
- Cocaine hydrochloride,
 - effect on action of acetaldehyde, 607
 - surface anesthesia, before intubation, 34, 582, 625
- Coma, 1*
- Complications,
 - after coma, 7
 - after spinal anesthesia, 600*
 - anesthetic, in infant, 268*
- Convulsions,
 - anesthetic, 12*
 - local anesthetic, 615
- Coramine,
 - after coma, 10
 - effect on respiration, 562
- Curare,
 - clinical use, 48*, 124*
 - contraindications, 50
 - danger, 125
 - effect on blood pressure, 231*
 - effect on newborn, 129
 - effect on small intestine, 231*
 - for tonsillectomy, 626*
 - mode of action, 49
 - with local anesthesia, 125
 - with pentothal anesthesia, 381*
 - precipitate during, 307, 531
- Cyclopropane,
 - action on heart,
 - effect of nervous system on, 261*
 - effect of procaine on, 57*
 - prolonged administration of, 536
 - use in shock, 367
- Data, recording of, 64*
- Diathermy, use during anesthesia, 32*
- Drugs,
 - analeptic, after coma, 10
 - effect on cerebral metabolism, 119
 - stimulant,
 - after coma, 9
 - effect in morphine depression, 561*
- Dyspnea, cause, 115
- Ephedrine sulfate,
 - effect on respiration, 562
 - with pitressin, 568
- Epinephrine hydrochloride,
 - with cyclopropane, effect of procaine, 57*
 - with procaine for spinal anesthesia, 469*
- Ether,
 - diethyl,
 - allergy, 515*
 - curare with, 51
 - effect on hemorrhage, 365
 - hemiplegia following, 522*
 - use in shock, 363
 - with air, 597*
 - isopropenyl vinyl,
 - cardiac effects, 159*
 - effect on blood gases, 159*
 - effect on kidney and liver, 39*

- Eyeball, effect of acetaldehyde on, 607
- Gladiol acetate, in spinal anesthesia, 469*
- Glucose, in spinal anesthetics, 566
- Gravity, role in spinal anesthesia, 565
- Heart,
 - during cyclopropane anesthesia,
 - effect of autonomic nervous system on, 261*
 - effect of procaine on, 57*
 - effect of acetaldehyde, 606
 - effect of morphine, 149*
 - effect of propethylene, 159*
- Hemiplegia, after ether anesthesia, 522*
- Hemorrhage,
 - circulation during, evaluation, 246*
 - effect of cyclopropane, 367
 - effect of ether, 365
 - effect of pentothal, 369
- Hollerith punch cards, use of, 64*
- Hypercarbia, effect on circulation, 249
- Hyperthyroidism, treatment, spinal anesthesia, 225*, 531
- Hypoxia, effect on circulation, 250
- Intestine, effect of curare on, 231*
- Intocostin (see curare)
- Intratracheal pressure, effect on arterial blood oxygen, 498*
- Intubation, 585
 - after surface anesthesia, 34
 - of conscious patient, 625*
 - without laryngoscopy, 476*
- Kidney,
 - effect of propethylene on, 39*
 - effect on barbiturate anesthesia, 483*
- Laryngospasm,
 - effect of curare on, 49
 - role of atropine in, 583*
- Liver,
 - effect of propethylene on, 39*
 - effect on barbiturate anesthesia, 483*
- Lung, after blast injury, 131
- Metrazol,
 - after coma, 10
 - effect on respiration, 562
- Morphine sulfate,
 - addiction, effect of apomorphine, 576
 - depression, effect of stimulant drugs, 561*
 - effect on dose of acetaldehyde, 606
 - effect on heart, 149*
 - intramuscularly, effect on respiration, 462*
 - intravenously, effect on respiration, 462*
- Myasthenia gravis, contraindication to curare, 50*
- Needle, intravenous anesthesia, 258*
- Nerves, paralysis, after spinal anesthesia, 600*
- Nervous system, effect of stimulant drugs, 561
- Nikethamide (see coramine)
- Nitrous oxide,
 - anesthesia, anoxia during, 449*
 - with oxygen in single cylinder, 459
- Nupercaine, comparison to pontocaine, 566
- Oxford vaporizer, experimental use, 181*
- Oxygen,
 - arterial, 114
 - of alveolar air, 114
 - with nitrous oxide in single cylinder, 459
- Pack, pharyngeal, 586
- Pentothal sodium,
 - apparatus, 191*
 - continuous administration, 376*
 - curare with, 51, 381*
 - effect in shock, 369
 - effect on hemorrhage, 369
 - evaluation of, 239*
 - induction, for intubation, 582
 - military use, 178, 390, 402*
 - solution, preservation of, 376*
 - to control convulsion, 31
 - use in oral surgery, 33
 - with curare, precipitate, 307, 531
 - with spinal anesthesia, 568
- Physiology,
 - blast injury, 134
 - respiratory, 113*
 - studies, anesthesia for, 181*
- Picrotoxin, after coma, 10
- Pitressin, with ephedrine, 568
- Plethysmograph, digital, 246*
- Pontocaine hydrochloride,
 - hypobaric, 565*
 - toxic reaction, 421
- Portex tubes, 586
- Posture,
 - after maxillo-facial injury, 588
 - effect on circulation, 248
- Postoperative care, after maxillo-facial surgery, 594
- Premedication,
 - after blast injury, 144
 - for maxillo-facial surgery, 581
 - for spinal anesthesia, 570
- Procaine hydrochloride,
 - dosage in shock, 614
 - effect on ventricular fibrillation, 57*
 - with cobefrin, sensitivity to, 86*
 - with epinephrine, for spinal anesthesia, 469*
- Propethylene (see ether, isopropenyl vinyl)
- Pupil, effect of acetaldehyde, 607
- Respiration,
 - effect of acetaldehyde on, 605
 - effect of morphine on, 462*
 - effect of stimulant drugs on, 561
 - physiology of, 113*
 - positive pressure, 349*
- Resuscitation, infant, 537

- Sacrum, male, study of, 505*
- Scalp potential, effect of anesthesia on, 61*
- Scopolamine, excitability from, effect of apomorphine on, 574
- Secondary saturation technic, 451
- Shock,
 circulation during, evaluation of, 246*
 effect of cyclopropane on, 367
 effect of ether on, 363
 effect of pentothal on, 369
- Soda lime, moisture content of, 163*
- Spasms,
 during anesthesia, 12*
 respiratory,
 effect of curare on, 128
- Statistics, anesthetics, recording of, 64*
- Stethoscope, 310
- Suprarenin borate, in spinal anesthesia, 469*
- Technic,
 anesthesia, for maxillo-facial surgery, 587
- ether-air, 597*
- secondary saturation, 451
- spinal anesthesia, with hypobaric pontocaine, 565*
- Thyroid crisis, effect of spinal anesthesia on, 225*
- Tracheo-bronchial fistula, anesthesia for, 268
- Tribromethyl alcohol,
 curare with, 51
 intravenously, 583
 poisoning, 284*, 417
 role in laryng- spasm, 583
- Vagus nerve, during pneumonectomy, 308
- Ventricular fibrillation, effect of procaine, 57*
- Vinyl-plastic, intratracheal tubes, 359*
- Water, effect on carbon dioxide absorption, 163*

INDEX OF AUTHORS AND TITLES OF ORIGINAL ARTICLES

	PAGE		PAGE
Adams, R. C.:		Arrowood, Julia G.:	
Apparatus for administering pentothal sodium.....	191	Anesthesia for oral surgery in the presence of cautery and diathermy.....	32
Ten years of pentothal sodium intravenous anesthesia: an evaluation of its past, present and future.....	239	Barach, A. L.:	
Adams, W. E.:		The hazard of anoxia during nitrous oxide anesthesia.....	449
The effect of variations of intratracheal pressure and anesthetic mixtures on the arterial blood oxygen (an experimental study).....	498	Beland, Eleanor:	
Adriani, John:		Influence of the liver and the kidney on the duration of anesthesia produced by barbiturates.....	483
The effect of varying the moisture content of soda lime upon the efficiency of carbon dioxide absorption.....	163	Betancourt, R. R.:	
Ainslie, E. H.:		Bilateral paralysis of the abducens and hypoglossal nerves following spinal anesthesia; case report.....	600
Experience with vinyl-plastic endotracheal tubes.....	359	Bone, J. R.:	
Allen, C. R.:		Regional nerve block.....	612
The action of morphine in slowing the heart rate of unconditioned dogs.....	149	Bowers, F. W.:	
Failure of procaine to reverse cyclopropane-epinephrine ventricular fibrillation.....	57	Endotracheal anesthesia in the combat zone.....	492
Influence of the autonomic nervous system upon spontaneous cardiac arrhythmias during cyclopropane anesthesia.....	261	Erody, John:	
Orotracheal anesthesia for cheiloplasty..	355	The use of curare in sodium pentothal-nitrous oxide-oxygen anesthesia.....	381
Ambrose, A. M.:		Burge, W. E.:	
Some effects of positive pressure respiration during anesthesia.....	349	The effect of anesthesia upon scalp potential.....	61
Andersen, Dorothy H.:		Cameron, J. D.:	
Avertin poisoning with acute yellow atrophy of the liver and toxic necrosis...	284	Hypobaric pontocaine; a new technic in spinal anaesthesia.....	565
		Cardwell, J. L.:	
		Anesthesia trends in Naval hospitals...	83
		Carr, C. J.:	
		Anesthesia. XV. Comparative study of liver and kidney changes under propylene.....	39

- Cassels, W. H.:
Anesthetic and postanesthetic respiratory problems in an infant operated on for tracheo-bronchial fistula (case report)..... 268
- Chambers, R.:
Peripheral circulatory reactions as a basis for evaluating anesthetic agents... 362
- Cole, Frank:
The use of curare in anesthesia: a review of 100 cases..... 48
- Collins, V. J.:
Roentgenological study of the male sacrum as an aid in caudal analgesia.... 505
- Comroe, J. H., Jr.:
Clinical studies on morphine. I. The immediate effect of morphine administered intravenously and intramuscularly upon the respiration of normal man.... 462
- Cooper, B. M.:
Influence of the autonomic nervous system upon spontaneous cardiac arrhythmias during cyclopropane anesthesia..... 261
- Cullen, S. C.:
Action of curare on the smooth muscle of the small intestine and on the blood pressure..... 231
Spinal analgesia with solutions of procaine and epinephrine: a preliminary report of 108 cases..... 469
- Damarjian, Edward:
Pentothal anesthesia..... 402
- Dripps, R. D.:
How can I "keep up" with medical progress?..... 81
Clinical studies on morphine. I. The immediate effect of morphine administered intravenously and intramuscularly upon the respiration of normal man..... 462
- Editorial (Elam, John):
A letter to the editor..... 617
- Editorial:
Abstract of address of retiring president. The American Society of Anesthetists, Inc., December 14, 1944..... 196
Anesthesia for the pain of uncomplicated childbirth..... 410
How can I "keep up" with medical progress?..... 81
The immediate post-war period—both a challenge and an opportunity to anesthesiology..... 528
- Editorial (Waters, R. M.):
Presidential address..... 302
- Elam, John:
A letter to the editor (editorial)..... 617
- Elliot, H. L.:
Anesthesia for oral surgery in the presence of cautery and diathermy..... 32
- Ensberg, D. L.:
Comparison of amphetamine sulfate with other stimulants of the central nervous system in morphine respiratory depression..... 561
- Evans, W. E., Jr.:
Anesthesia. XV. A comparative study of liver and kidney changes under propethylene..... 39
Anesthesia. XVII. Cardiac effects and blood gases under anesthesia with propethylene..... 159
- Fisher, A. J.:
Clinical observations on the use of curare in anesthesia..... 124
- Foster, A. D., Jr.:
Peripheral circulation during anesthesia, shock and hemorrhage; the digital plethysmograph as a clinical guide..... 246
Selection of anesthesia for physiologic experiments: the use of the Oxford ether vaporizer..... 181
- Gordh, Torsten:
A new, simple and practical needle for intravenous anesthesia..... 258
- Gordon, R. A.:
Experience with vinyl-plastic endotracheal tubes..... 359
- Gross, E. G.:
Action of curare on the smooth muscle of the small intestine and on the blood pressure..... 231
Spinal analgesia with solutions of procaine and epinephrine. A preliminary report of 108 cases..... 469
- Hammett, H. H., Jr.:
Experiences with anesthesia in an Army hospital in New Guinea..... 173
- Hampton, L. J.:
Experiences with anesthesia in an Army hospital in New Guinea..... 173
- Handley, C. A.:
Comparison of amphetamine sulfate with other stimulants of the central nervous system in morphine respiratory depression..... 561
- Hershey, S. G.:
Peripheral circulatory reactions as a basis for evaluating anesthetic agents... 362
Utility of apomorphine in clinical anesthesia..... 574
- Hoeflich, E. A.:
Influence of the autonomic nervous system upon spontaneous cardiac arrhythmias during cyclopropane anesthesia..... 261
- Holt, J. P.:
Some effects of positive pressure respiration during anesthesia..... 349

- Hudon, Fernando:
Intubation without laryngoscopy..... 476
- Knight, R. T.:
The use of spinal anesthesia to control sympathetic overactivity in hyperthyroidism..... 225
- Knoefel, P. K.:
Some effects of positive pressure respiration during anesthesia..... 349
- Koppányi, Theodore:
Acetaldehyde, a volatile anesthetic and sympathetic stimulant..... 603
- Krantz, J. C., Jr.:
Anesthesia. XV. A comparative study of liver and kidney changes under propylene..... 39
Anesthesia. XVII. Cardiac effects and blood gases under anesthesia with propylene..... 159
- Lind, Samuel:
Ether anesthesia with improvised apparatus for thoracic operations under emergency circumstances..... 337
- Livingstone, H. M.:
The variations of intratracheal pressure and anesthetic mixtures on the arterial blood oxygen (an experimental study)... 498
- Lund, P. C.:
Hypobaric pontocaine; a new technic in spinal anaesthesia..... 565
- Lundy, J. S.:
Further studies on muscular spasms during general anesthesia. Experimental results with neurotropic streptococci from nasopharynges of patients... 12
Ten years of pentothal sodium intravenous anesthesia; an evaluation of its past, present and future..... 239
- Mann, S. H.:
A method for the administration of pentothal sodium anesthesia..... 279
- Martin, S. J.:
Blast injuries and their anesthetic management..... 131
- Martin, R. C.:
The effect of variations of intratracheal pressure and anesthetic mixtures on the arterial blood oxygen (an experimental study)..... 498
- Martin, S. J.:
The recording of surgical and anesthetic data in two army general hospitals..... 64
- Masson, G. M. C.:
Influence of the liver and the kidney on the duration of anesthesia produced by barbiturates..... 483
- Meek, W. J.:
The action of morphine in slowing the heart rate of unconditioned dogs..... 149
- Milowsky, J. L.:
Bilateral paralysis of the abducens and hypoglossal nerves following spinal anesthesia: case report..... 600
- Mousel, L. H.:
Further studies on muscular spasms during general anesthesia. Experimental results with neurotropic streptococci from nasopharynges of patients... 12
- Murphy, Quill: !
The action of morphine in slowing the heart rate of unconditioned dogs..... 149
- Neff, William:
Ether anesthesia with improvised apparatus for intrathoracic operations under emergency circumstances..... 337
- Neumann, C.:
Peripheral circulation during anesthesia, shock and hemorrhage; the digital plethysmograph as a clinical guide..... 246
- Neumann, Charles:
Selection of anesthesia for physiologic experiments: the use of the Oxford vaporizer..... 181
- Orth, O. S.:
Failure of procaine to reverse cyclopropane-epinephrine ventricular fibrillation 57
